Technical Information

Atlantis Flow is our latest addition to the High End market. In line with the flow range – our successful Avalon flow – Atlantis is a pioneering parametric QRD hybrid absorber, in a selection of natural wood and premium acoustic fabric finishes.

Atlantis Flow is as beautiful as it is efficient, with an effective absorption range starting from 250Hz up to 5000Hz, and providing efficient mid-range scattering, Atlantis Flow is a hybrid acoustic panel, perfect as an all-round treatment for rooms with mid and high frequency issues.

Atlantis Flow is available in 2 natural wood finishes, and a selection of 7 acoustic fabrics.
